Sheikh Imran Observes:

“Khanyar Constituency represents the very soul of Shahr-i-Khaas in Srinagar J&K, the old City. Being studded with the shrines of various religious & spiritual luminaries, it embodies the very essence of altruism which needs to be revisited & revived & therefore a campaign under the name of # KHANYAR DARBAR# was launched. Besides, it was once the hub of world-renowned handicrafts that called for its requisite promotion and prior attention of the then administration, instead, the erstwhile governments opted to suppress the SOS calls of our nimble and dexterous artisans whose thumbs were broken and legacy devastated in a systematic manner.

This was a time when the plan to economically disempower the people of Khanyar was put into practice for ensuring the prevalence of Family Raj. From golden hands of artisans to traders, teachers to laborers and every single person of Khanyar has been a victim of this negligence and premeditated demoralization. “However, those black days are gone and it is my commitment with the people of Khanyar who deserve better jobs, opportunities and economic affluence without compromising with one's dignity. With firm belief in Almighty Allah, I have an optimistic outlook to be a force that can inspire the youth to follow their goals & deliver hope to elders who yearn for a prosperous change. “In Sha Allah”
